

TIPS FOR YOUR perfect day on the river

1

Arrive 15 mins early to your booking so we can do a safety induction and teach you basic maritime rules. *Important!*

2

Pack light. No more than one esky. Overload of boat can be fatal.

3

As a skipper, make sure you keep an eye on the weather and act accordingly.

4

Enjoy the experience, don't rush to get to a destination. It's the journey that counts.

5

We all love celebrating with alcohol, please be responsible and behave on the river. Skipper to stay sober. All fines are yours to keep.

6

Bring a light jacket as it can get a bit chilly on the water.

7

Your doggo will love coming out on the boat with you. Unfortunately we don't keep dog life vests, so bring one if needed.

8

Bring your camera to capture memories and wildlife.
